Remote full-stack developer with 5+ years' experience. My experience with ReactJS, Laravel, and other related technologies, makes me an ideal candidate, where I can focus on building and maintaining robust APIs. Proficient in custom WordPress plugin development, Shopify theme creation from Figma design, and Zoho API integration for tailored stores.

INDUSTRIES: Education, Ecommerce

TECHNICAL SKILLS

• WordPress	8 years & 2 months
• Shopify	8 years & 2 months
• CSS 3	8 years & 2 months
• PHP	7 years & 2 months
• Laravel	4 years & 8 months
• JavaScript	4 years & 4 months
• React	1 years & 1 months

PROJECT DETAILS

• Learning Management System — June-2023 - November-2023

Project Description: A learning Management System for UK-based clients. Lorraine, A highly qualified teacher with over 20 years of experience and consistently excellent results. She loves to work with those children who say “I’m no good at Maths” or “My teacher doesn’t like me”. As a mum of four school-age children, with varying needs and abilities, she understands the importance of knowing the individual and how to get the best out of them.
Responsibilities: I worked as a full-stack developer, creating different modules including Stripe payment integration and Zoom API integration for live sessions, and handling subscriptions.
Technologies: Laravel, PHP, Stripe, REST API
Industry: Education

• Taylr — January-2023 - June-2023

Project Description: For an Australia-based client, Taylr is uniquely positioned to work with developers and Strata committees to deliver concierge-style convenience, without the cost. We’re taking away the hassle of day-to-day living, facilitating, and connecting residents to the best local providers to create Taylr neighborhoods. And because we’re building-wide, we’re able to provide a highly valuable solution to all parties involved.
Responsibilities: I integrated ZOHO API, with the WordPress frontend, fetched products from ZOHO, and created a booking. All the sales records are punched into the ZOHO along with the calendar availability.
Technologies: WordPress, ZOHO CRM API, Stripe
Industry: Ecommerce
