Seasoned Technology Lead with over 11 years of experience in the IT industry, specializing in design, development, testing, and delivering software applications. With hands-on experience of over 8 years in iOS development, I excel in crafting native applications using Swift. Proven expertise in all phases of the Software Development Life Cycle, from project initiation and requirement analysis to design, development, testing, deployment, and maintenance. As a senior iOS developer, I thrive in collaborative environments, leveraging my expert knowledge of Swift and demonstrating a profound understanding of key iOS frameworks, such as UIKit, Foundation, Core Location, MapKit, MultipeerConnectivity, and Sockets, among others.

INDUSTRIES: Postal Services, Social Media

TECHNICAL SKILLS

• Swift	11 years
• Integrate 3rd party libraries	11 years
• Bitrise CI CD	11 years
• Unit tests	11 years
• Cocoapods	11 years
• Agile SCRUM	11 years
• JIRA	11 years
• Code Review	11 years
• Git Bitbucket	11 years
• Multipeer Connectivity	11 years
• Core Data	11 years
• Clean Architecture	11 years
• Storyboard	11 years
• Xcode IDE	11 years
• iOS SDK	11 years
• Shell script	5 years
• HTML	5 years
• CSS	5 years
• JQuery	5 years
• MySQL	5 years
• MongoDB	5 years
• JavaScript	5 years
• Node.js	5 years
• Laravel	5 years
• PHP	5 years
• React Native	5 years
• Flutter	5 years
• Objective C	5 years
• Combine Framework	5 years
• XCTest Framework	5 years

SOFT SKILLS

public speaking, leadership

PROJECT DETAILS

• Canada Post - Track and get delivery updates August-2022 - December-2023

Project Description: Implemented and enhanced features for a package tracking application, enabling manual tracking through scanners or PIN entry into Track, as well as automatic updates to the track list. Incorporated MyMail for a streamlined view of incoming mail. Implemented Siri voice commands and app shortcuts for convenient user interaction. Facilitated quick access to rates, post office locations, and postal codes.

Responsibilities: Reduced post-release issues through comprehensive unit tests with XCTest Framework, ensuring app reliability and stability. Collaboratively maintained and optimized an existing CI/CD pipeline with Bitrise for iOS applications, ensuring its seamless operation.

Technologies: Swift, Xcode, XCTest Framework

Industry: Postal Services

• VojVoj - Skate. Share. Earn. June-2017 - August-2022

Project Description: Vojvoj is a SoMe platform where users can make their social media habits into a profession or connect with their friends, create content and have fun.

Responsibilities: Successfully published numerous iOS applications on the App Store for international clients. Worked closely with design teams to implement a consistent and intuitive user experience across iOS applications, maintaining a high standard of quality throughout the development process.

Technologies: Swift, Xcode, XCTest Framework

Industry: Social Media

EMPLOYMENT HISTORY

• Technology Lead August-2022 - December-2023

Description: As a technology lead at Infosys, I led the development of the Canada Post iOS app for our client Innovapost. Demonstrated expertise in Swift, consistently delivering efficient code for robust, user-friendly solutions.

• Senior iOS App Developer June-2017 - August-2022

SuperLabs, India

Description: Successfully published numerous iOS applications on the App Store for international clients. Gained hands-on experience in app development for iOS devices using Xcode, Swift, and essential tools.

• Software Developer March-2011 - May-2017

FlowmarkGroup, India

Description: Collaborated in the development of iOS applications using Swift and Xcode, ensuring seamless integration with backend systems. Engaged in detailed interactions with the Business division to meticulously capture and document necessary specifications.

EDUCATION

• Bachelors degree in Computer Science from CMS College of Science, TN June-2007 - March-2010

LANGUAGES

• English - advanced
