INDUSTRIES: media

TECHNICAL SKILLS

• JavaScript	12 years
• CSS3	10 years
• PHP	9 years
• JavaScript ES6	5 years
• Vue.js	4 years

SOFT SKILLS

flexibility, dependability, problem solving, communication skills

PROJECT DETAILS

• Author Pages February-2024 - February-2024

Project Description: As part of an SEO initiative to highlight the contributors on a news site, I built out dymanic pages which get their layout and contents from the Symfony API. In addition I added styling per the Sketch files provided by design.
Responsibilities: Wrote custom controller using PHP, templates using TWIG, and styling in SASS/CSS. Added show/hide functionality using JavaScript to toggle a CSS class and leverage CSS3 animations.
Technologies: PHP, Symfony, APIs, JavaScript
Industry: media

• Elections February-2024 - February-2024

Project Description: Ongoing work to improve election process. Ingest API provided by the election team to display state-based widgets (prior to election, during, post election) that are also able to be embedded by editors in asset bodies.
Responsibilities: Using Vue.js I built templates for several different "widgets" including a basic calendar to display race information as well as a more complicated widget to show the the progression of a race over time by delegate count. Data was ingested and then normalized using JavaScript, sent to the page template, and styled with CSS.
Technologies: PHP, Symfony, JavaScript, Vue.js, CSS, API
Industry: media

EMPLOYMENT HISTORY

• Senior Web Developer September-2018 - February-2024

Description: Ensured compatibility with APIs, multiple browsers, devices, and platforms including mobile, AMP, Apple News, mobile web views, and local markets. Assumed leadership responsibilities by mentoring interns and onboarding new employees. Led constructive feedback during code review, authored documentation for new features and assisted in debugging, triaging, and troubleshooting.

EDUCATION

• Bachelors degree in Media Studies from CUNY Hunter 2008 - 2010

LANGUAGES

• English - native
