Dedicated SAP Mobile Developer with a passion for crafting innovative mobile solutions. Proficient in SAP MDK, Fiori, and ABAP, I specialize in creating seamless user experiences and optimizing app performance. With a focus on SAP Asset Manager and S4 HANA, my expertise extends to native iOS and Android app development, Java, JavaScript, and HTML5. I thrive on delivering intuitive mobile apps that leverage the power of SAP technologies.

INDUSTRIES: Logistics, Manufacturing

• Java	3 years & 7 months
• UI UX design	3 years & 3 months
• ODATA	2 years & 1 months
• In Sync	2 years & 1 months

SOFT SKILLS

Problem-solving

PROJECT DETAILS

• Fiori App Enhancement — February-2023 - June-2023

Project Description: Enhanced an existing SAP Fiori app for a logistics company. Implemented custom features and improved user interactions, resulting in a more streamlined and efficient supply chain management process

Responsibilities: Collaborated with UX designers to create a user-friendly interface, integrated complex ODATA entities for data retrieval, and customized standard Fiori app components. Provided technical support and conducted user training.

Technologies: Fiori, ODATA

Industry: Logistics

• Mobile Asset Management App January-2020 - June-2021

Project Description: Developed and maintained a mobile app for asset management using SAP Asset Manager and S4 HANA. The app enabled real-time tracking of assets, maintenance scheduling, and seamless integration with back-end systems.

Responsibilities: Led the mobile development team, designed responsive UI, integrated SAP MDK functionalities, and ensured in-sync and offline capabilities. Collaborated with stakeholders to gather requirements and conducted user acceptance testing.

Technologies: S4 HANA, SAP Asset Manager

Industry: Manufacturing

EMPLOYMENT HISTORY

• Senior Mobile Developer June-2016 - August-2023

Description: Led development and optimization of SAP mobile apps, focusing on MDK, Fiori, and ABAP. Collaborated with cross-functional teams to ensure seamless integration of mobile solutions. Conducted workshops for team members to enhance understanding of SAP mobile technologies.

• Mobile Developer January-2014 - May-2016

IT Innovators

Description: Developed native iOS and Android apps, integrating with SAP BTP and Mobile Services. Collaborated with back-end developers to design APIs for efficient data exchange. Assisted in the customization of standard mobile apps to meet client requirements.

EDUCATION

• Bachelors degree in Bachelor of Science in Computer Science from BU 2009 - 2013

LANGUAGES

• English - advanced
