Collaboration, Communication, Creativity, Attention to Detail, Problem-solving

PROJECT DETAILS

• Asset Tracking App — April-2020 - October-2022

Project Description: Developed a mobile app for real-time asset tracking using SAP MDK, integrated with SAP Asset Manager. Enabled field technicians to manage assets, perform maintenance, and report issues using offline capabilities.
Responsibilities: Led the development team, designed and implemented complex ODATA integrations, ensured in-sync functionality, and conducted training sessions for end-users.
Technologies: SAP MDK, SAP Asset Manager, SAP BTP
Industry: Manufacturing

• Customer Engagement App — September-2018 - March-2020

Project Description: Created a customer engagement app for a service-oriented company using SAP Fiori and native mobile app development. Allowed customers to access service updates, log requests, and interact with support teams in real-time.
Responsibilities: Collaborated with UX designers to ensure a user-friendly interface, integrated APIs for seamless data exchange, customized standard Fiori components, and provided ongoing support.
Technologies: SAP Fiori, SAP BTP, Native iOS/Android Development
Industry: Goods and Services

EMPLOYMENT HISTORY

• Senior SAP Developer June-2016 - August-2023

Description: Spearheaded the development of SAP mobile apps, specializing in MDK and Fiori. Played a key role in customizing and enhancing standard mobile app offerings. Collaborated with cross-functional teams to ensure optimal app performance and user experience.

• SAP Developer December-2012 - July-2016

TechCraft Solutions

Description: Led the development of SAP mobile solutions, integrating ABAP and Fiori technologies. Collaborated with clients to understand requirements and provided technical support. Assisted in the development of in-sync and offline functionalities for mobile apps.

EDUCATION

• Masters degree in Computer Science from Thapar Institute of Engineering & Technology 2010 - 2012

LANGUAGES

• English - advanced
