I am having an experience of more than two years in the field of PowerApps, Power Automate, SharePoint Online and Power BI, served a client based in USA, being there with the client I delivered multiple projects in PowerApps and SharePoint online as their main database was SharePoint Online and internal sites were also SharePoint site. My record there for delivering project is always on or before the given time period. I believe in taking up new challenges as they help us to grow individual as well as with the organization. As per my skill set and the requirements you have I believe that I believe that I will be a good fit for the role.
