critical thinking, communication, teamwork

PROJECT DETAILS

• Data Privacy Compliance — January-2019 - Present

Project Description: Data Privacy Compliance initiative focuses on ensuring adherence to data protection regulations such as GDPR and HIPAA, while facilitating transparent data mapping processes.
Responsibilities: Led efforts to assess data processing activities, implemented measures to comply with GDPR and HIPAA requirements, and conducted data mapping to identify personal data flows. Collaborated with legal and IT teams to implement privacy policies and facilitate user consent management.
Technologies: GDPR, HIPAA, Data Mapping
Industry: Cybersecurity

• SecureGuard — March-2017 - December-2018

Project Description: SecureGuard is a comprehensive security program focused on safeguarding data assets through proactive threat detection, intrusion prevention, and encryption.
Responsibilities: Implemented Security Information and Event Management (SIEM) solutions for real-time monitoring, managed Intrusion Detection and Prevention Systems (IDS/IPS), and oversaw data encryption strategies to protect sensitive information. Collaborated with compliance teams to ensure alignment with industry regulations.
Technologies: SIEM, IDS/IPS, Encryption
Industry: Cybersecurity
