Experienced DevOps Engineer with a passion for streamlining development processes and optimizing delivery pipelines. A problem solver at heart, I thrive on creating scalable and reliable infrastructure that supports continuous integration and delivery.

INDUSTRIES: Software and Platforms, Cloud Services

TECHNICAL SKILLS

• Jenkins	7 years
• AWS	6 years
• Python	6 years
• Docker	5 years
• Terraform	4 years
• Kubernetes	3 years
• GitOps	2 years

SOFT SKILLS

problem-solving, collaboration, adaptability

PROJECT DETAILS

• CI/CD Accelerator — June-2018 - Present

Project Description: Architected and implemented a GitOps-based CI/CD pipeline for a microservices architecture. Reduced manual intervention and improved deployment reliability.
Responsibilities: Designed Jenkins pipelines, integrated Kubernetes for container orchestration, and facilitated collaboration between development and operations teams. Conducted training sessions to promote DevOps culture.
Technologies: Jenkins, Kubernetes, GitOps
Industry: Software and Platforms

• CloudOps360 — October-2015 - March-2017

Project Description: Led the migration of legacy infrastructure to AWS cloud using Infrastructure-as-Code. Implemented automated deployment and scaling, reducing deployment times by 50%.
Responsibilities: Designed and implemented Terraform scripts, created Docker containers, and integrated Jenkins for continuous integration. Collaborated with development teams to optimize application performance.
Technologies: AWS, Docker, Jenkins, Terraform
Industry: Cloud Services

EMPLOYMENT HISTORY

• DevOps Engineer — April-2014 - Present

Description: As a DevOps Engineer at Tech Innovators, I have contributed to optimizing deployment processes and building scalable infrastructure.

CERTIFICATION

- Certified Kubernetes Administrator by Cloud Native Computing Foundation 2018
- AWS Certified DevOps Engineer by Amazon Web Services 2016

EDUCATION

- Bachelor's degree in Computer Science from University of California, Berkeley 2009 - 2013

LANGUAGES

- English - fluent
