EMPLOYMENT HISTORY

• Senior Software Developer

Description: I gained extensive hands-on experience with web technologies such as C#, .NET, .NET Core, ASP.NET MVC, MS SQL, MySQL, PostgreSQL, HTML, CSS, and Entity Framework. I utilized AWS services like API Gateway and S3 to enhance application functionality. I successfully managed multiple projects, ensuring timely and cost-effective delivery. I analyzed system specifications and translated requirements into detailed tasks, collaborating effectively with team members to ensure component compatibility. I maintained high code quality standards, optimized performance, and prepared technical documentation. Additionally, I mentored junior developers, communicated regularly with clients, resolved technical issues proactively, and stayed updated with emerging technologies to continuously improve my skills.

• Software Developer

MoreYeahs Inc
Description: I worked extensively with web technologies and frameworks such as C#, .NET, .NET Core, ASP.NET MVC, MS SQL, MySQL, PostgreSQL, HTML, CSS, and Entity Framework. I managed projects and ensured their timely delivery. I analyzed system specifications and translated requirements into detailed tasks. Additionally, I collaborated with team members to select appropriate solutions and ensure the compatibility of system components.

EDUCATION

• Bachelors degree in Computer Applications from MIT 2016 - 2019

LANGUAGES

• English - advanced
