| | |
|---|---|
| • PHP | 7 years |
| • MySQL | 7 years |
| • HTML | 7 years |
| • CSS | 7 years |
| • Laravel | 6 years |
| • JavaScript | 5 years |

## SOFT SKILLS

Problem Solving, Team Collaboration

## PROJECT DETAILS

• Content Management System — February-2021 - July-2023

Project Description: Developed a custom content management system (CMS) using PHP and Laravel. The CMS allowed content creators to manage and publish articles, images, and videos.
Responsibilities: Implemented user authentication, created a user-friendly content editor, optimized database queries, and provided ongoing support and enhancements.
Technologies: PHP, Laravel, MySQL, HTML, CSS
Industry: Communications and Media

• Online Marketplace — March-2015 - December-2020

Project Description: Developed a feature-rich online marketplace platform using PHP and Laravel. This platform enabled sellers to list their products and buyers to browse and purchase products.
Responsibilities: Designed and implemented core functionality, integrated payment gateways, optimized database queries for performance, and collaborated with the design team for a seamless user experience.
Technologies: PHP, Laravel, MySQL, HTML, CSS, JavaScript
Industry: Ecommerce

## EMPLOYMENT HISTORY
