As an experienced OutSystem developer with a strong foundation in .NET technologies, including MVC and .NET Core, I bring a versatile skill set to the table. My expertise extends to JavaScript and Node.js, allowing me to craft dynamic and responsive applications. With a solid background in SQL for robust data management, I am adept at building scalable and efficient solutions that meet diverse business needs. My approach combines technical proficiency with a keen understanding of user requirements to deliver high-quality, innovative applications.As an experienced OutSystems developer with a strong foundation in .NET technologies, including MVC and .NET Core, I bring a versatile skill set to the table.
