With over 6 years of hands-on experience in Drupal development, I specialize in Drupal 8, 9, and 10. I am proficient in site building, theming, configuration, and administration, with deep expertise in platforms such as Acquia Cloud Site Factory, AWS, Pantheon, DigitalOcean, and PlatformSH. My work includes full-site support, maintenance, new development, and bug fixes. I have successfully migrated numerous sites from Drupal 8.x to 9.x and 10.x, and am skilled in core upgrades, security patches, and module management. I follow Agile methodologies, with strong capabilities in SEO improvements, page speed optimization, Composer, Drush, and Git.
