I am an Acquia Certified Drupal Developer with over 13 years of experience delivering scalable, high-performance web solutions across Drupal versions 6 to 11. I have strong expertise in both backend and frontend development, along with hands-on experience in DevOps practices including CI/CD pipelines, Docker, Kubernetes, and cloud platforms like AWS and Azure. As the former Drupal Practice Head at Specbee, I led project delivery, team management, hiring, training, and pre-sales activities. I am also an active contributor to the Drupal community with over 50 core credits and contributions to several modules and themes.
