As a Flutter developer with 4 years of experience, I have honed my skills in creating cross-platform mobile applications. I possess expertise in utilizing Dart DevTools and Flutter Performance Tools to ensure optimal performance and efficient development. With a strong command over these tools, I excel in analyzing and optimizing app performance, identifying and resolving bottlenecks, and delivering high-quality, responsive Flutter applications. My experience and proficiency in Dart and Flutter enable me to develop robust and visually appealing applications while maintaining a focus on performance and user experience.
