NetSuite Consultant with over a decade of years of experience and a track record of completing over 100+ projects successfully, throughout my career. I have been a strong independent contributor delivering results for multiple organizations, providing tailored NetSuite solutions that address diverse business requirements.

INDUSTRIES: SaaS, Technology

TECHNICAL SKILLS

• Netsuite	8 years
• Netsuite Technical	8 years
• Netsuite Functional	8 years
• Netsuite Consultant	8 years
• Netsuite Techno functional	8 years

PROJECT DETAILS

• NetSuite SuiteBilling

Project Description: Subscription billing and revenue management for recurring services
Responsibilities: Utilized SuiteBilling and ARM modules to manage subscription lifecycle processes. Developed custom records and Map/Reduce scripts for managing billing accounts, price books, price plans, and subscriptions. Automated revenue arrangements, recognition, and subscription status transitions (activation, renewal, termination). Configured workflows and client scripts to enhance billing accuracy. Integrated billing processes with the Order to Cash (O2C) lifecycle. Managed invoicing and subscription updates via custom fields and scripts.
Technologies: NetSuite Consultant
Industry: SaaS

• NetSuite Implementation

Project Description: Full-scale implementation of NetSuite, including legacy data migration
Responsibilities: Migrated five years of financial and operational data using NetSuite CSV imports and field mapping templates. Configured account setup, feature enablement, and report reconciliation. Automated allocation schedule runs with allocation batch creation. Implemented Fixed Asset Management (FAM) module, including asset types, asset proposals, and depreciation processes. Set up assets from transactions and ensured proper classification for reporting
Technologies: NetSuite Functional Consultant
Industry: Technology

EDUCATION

• Masters degree in Computer Appliaction from Kurukshetra 2020 - 2022
