# Harsh H

Full Stack Developer, 5+ years experience
Indore, India
https://augmntx.com/profile/full-stack-developer--harsh-h/axo30419

+91 9820045154 | hr@augmntx.com

Skilled Full Stack Developer with expertise in React.js, Next.js, Node.js, and n8n workflow automation. Proficient in building scalable applications, integrating third-party services, and leveraging AI tools like OpenAI and Cursor. Strong in problem-solving, documentation, and collaboration, with a solid foundation in PostgreSQL, MySQL, MongoDB, and modern CI/CD practices on AWS and Azure. Passionate about creating efficient, user-friendly, and high-performing solutions.

**INDUSTRIES:** Workforce Management, Social Media, Business Productivity, SaaS, Supply Chain Management

## TECHNICAL SKILLS

| | |
|---|---|
| • React.js | 5 years |
| • Trello | 5 years |
| • PostgreSQL | 5 years |
| • Drizzle ORM | 5 years |
| • Stripe | 5 years |
| • GraphQL | 5 years |
| • LinkedIn | 5 years |
| • OpenAI | 5 years |
| • Google APIs | 5 years |
| • GitHub | 5 years |
| • Jira | 5 years |
| • MySQL | 5 years |
| • Material UI | 5 years |
| • Next.js | 5 years |
| • Node.js | 5 years |
| • Express.js | 5 years |
| • JavaScript | 5 years |
| • TypeScript | 5 years |
| • Cursor | 5 years |
| • Tailwind CSS | 5 years |
| • SASS | 5 years |
| • AWS Azure CICD pipelines | 4 years |
| • Bitbucket | 4 years |
| • Bootstrap | 4 years |
| • n8n | 3 years |
| • REST | 3 years |
| • MongoDB | 3 years & 2 months |

## SOFT SKILLS

Problem-Solving and Troubleshooting, Collaboration & Teamwork, Time Management

## PROJECT DETAILS

• Khoji App December-2019 - September-2020

Project Description: A local services platform connecting users with nearby workers based on location.
Responsibilities: Developed full-stack MERN application. Built REST APIs with Node.js & Express.js. Implemented n8n workflows for data sync. Designed MongoDB schema and backend logic.
Technologies: React.js, Bootstrap, JavaScript, MongoDB, Express.js, Node.js
Industry: Workforce Management

• Storge June-2021 - November-2022

Project Description: A social media application where users can create and join communities to connect over shared interests and goals.
Responsibilities: Developed responsive UI components in React.js. Integrated frontend with backend APIs. Implemented role-based actions and conditional rendering. Optimized components for better performance.
Technologies: React.js, TypeScript, REST APIs, Ant Design, Tailwind, Redux, Context API
Industry: Social Media

• Shaparency October-2020 - May-2021

Project Description: A board management tool for planning, operating, and managing board activities including hybrid and virtual meetings.
Responsibilities: Developed frontend with React.js and Tailwind CSS. Built key features such as meeting scheduling and document management. Tested and debugged frontend code.
Technologies: React.js, JavaScript, Tailwind
Industry: Business Productivity

• BizPlan December-2022 - January-2024

Project Description: A business application offering AI-curated documents and access to consultants to help entrepreneurs create business plans, pitch decks, and financial models.
Responsibilities: Implemented authentication (login, signup, RBAC). Integrated n8n workflows for automating data transfer. Built AI-powered document generation using OpenAI APIs. Automated workflows with Cursor for data processing. Developed reusable components and optimized performance.
Technologies: React.js, TypeScript, REST APIs, Cursor, n8n, Material-UI, Node.js, Tailwind, OpenAI APIs
Industry: SaaS

• Supply Chain February-2024 - August-2025

Project Description: A specialized platform for construction business owners to search for materials, discover verified vendors, and access insights about suppliers.
Responsibilities: Designed and developed core UI screens (Landing Page, Vendor Profiles, Recommendation module). Implemented Redux with TypeScript for global state management. Used Drizzle ORM with PostgreSQL for type-safe database operations. Authored user-facing documentation and FAQs. Provided technical support and resolved user issues.
Technologies: React.js, TypeScript, Material-UI, Drizzle ORM, Express.js, MySQL, Node.js
Industry: Supply Chain Management

## EDUCATION

• Bachelors degree in Computer Science Engineering from Sri Ram Institute of Technology 2015 - 2019

## LANGUAGES

• English - advanced
