I am a Power BI Developer and Data Analyst based in Ahmedabad with 10+ years of experience in transforming data into meaningful insights and interactive dashboards. I have hands-on expertise across the entire Power Platform, including Power BI, Power Apps, and related tools. My experience spans multiple domains such as education, healthcare, and business operations, enabling me to design data solutions tailored to diverse needs. I specialize in building dynamic reports, optimizing data models, and improving decision-making through advanced analytics. I focus on delivering clean, accurate, and visually compelling dashboards that support business growth. With strong analytical skills and a problem-solving mindset, I am committed to creating data solutions that drive measurable impact.
