Communication, Critical thinking, Time management

PROJECT DETAILS

• Fairy Trail — November-2022 - October-2023

Project Description: Fairy Trail is a unique mobile app that connects solo travelers with like-minded companions for shared adventures. Whether you're seeking travel buddies for short trips or long-term explorations, Fairy Trail helps you find people with similar interests and travel goals. The app allows you to chat, plan, and coordinate trips with ease, ensuring memorable journeys with new friends. It's designed to foster safe and enjoyable travel experiences, creating a community of adventurers. Fairy Trail makes finding your next travel partner simple and fun, enhancing your travel experiences worldwide.
Responsibilities: encompassed designing the user interface, creating and maintaining Angular components, integrating APIs, and ensuring responsive design. I also prioritized security with user authentication, conducted testing, and collaborated on UX improvements, making "Fairy Trail" a secure and user- friendly platform for travelers to connect with like-minded companions.
Technologies: AngularJS, Angular, HTML, Typescript, CSS, Next.js, AWS, Postgre SQL, JavaScript
Industry: FinTech
