PROJECT DETAILS

• Hail Group — December-2023 - May-2024

Project Description: The hail group is a specialized automotive restoration firm that works with major car insurance providers to manage large-scale vehicle repairs following catastrophic events.
Responsibilities: Developed an end-to-end custom solution using Apex, Triggers, and LWC. Designed a robust system configuration, including a custom object, record type, and page layouts.
Technologies: Salesforce Admin, Apex Classes and Triggers, Flows, LWC
Industry: Sales and Services

• Travelopia — April-2022 - April-2023

Project Description: Travelopia is a home for brands that create extraordinary travel experiences. They are at the forefront of global travel for those wanting something distinctive. They work together to achieve this by sharing knowledge.
Responsibilities: Developed an end-to-end custom solution using Apex, Triggers, and LWC. Designed a robust system configuration, including a custom object, record type, and page layouts. Ensure system scalability by implementing batch apex and wrapper classes to manage large volumes and improve processing efficiency.
Technologies: Salesforce Admin, Apex Classes and Triggers, Flows, LWC
Industry: Sales and Services
