• Pandas	7 years & 2 months
• Fast API	7 years & 3 months
• Flask	7 years & 2 months
• Azure AI services	7 years & 2 months
• TypeScript	7 years & 3 months
• PDF Plumber	5 years & 2 months
• Foundry	5 years & 2 months
• Upabase	5 years & 1 months
• Static App	5 years & 2 months

SOFT SKILLS

Good Communication Skills

PROJECT DETAILS

• Supply Chain Management Platform September-2023 - December-2023

Project Description: Built full supply chain platform with frontend backend integration. Deployed system on Azure with optimized API architecture.
Responsibilities: Developed scalable APIs using Django REST Framework. Created React components for real time data management. Managed full deployment lifecycle on Azure.
Technologies: Django, React.js, Azure,SQL, Django REST Framework
Industry: IT and Technology

• Sandharbha AI Chatbot

Project Description: Fine tuned LLM responses and improved question answer accuracy. Optimized file chunking logic and improved backend API performance.
Responsibilities: Developed and optimized Flask based microservice backend. Enhanced prompt engineering and LLM request pipelines. Improved API scalability and data processing logic.
Technologies: Python, Flask, LLM,SQL, Vector DB, React.js
Industry: IT and Technology

EMPLOYMENT HISTORY

• Sr. software eng

Description: Developed and optimized Flask based microservice backend

• Sr. software eng January-2025 - September-2025

Intellypod
Description: Developed complete backend from scratch

• Software Engineer February-2024 - January-2025

Green Rider Technology
Description: Developed complete backend from scratch

• Full Stack AI Developer September-2023 - December-2023

OrderLink NZ
Description: Developed scalable APIs using Django REST Framework

• Software Engineer May-2022 - August-2023

Glogic
Description: Developed frontend dashboards in React.js.

• Software Developer April-2021 - March-2022

PiSquare.io
Description: Written Scalable API for fetching data from local stored dbs.

• Software Engineer October-2019 - March-2021

SDAD Technology
Description: Designed the frontend in ReactJs.

EDUCATION

• Bachelors degree in Computer Science from Kurukshetra University logo 2012 - 2016
Kurukshetra University

LANGUAGES

• English - advanced
