A passionate individual who has seamlessly blended the artistry of language with the precision of design. With a bachelor's degree in English as a foundation, he has ventured into the dynamic world of UI/UX designing, turning a cherished hobby into a blossoming career. Fueled by a love for aesthetics and a keen eye for detail, Muqaddas crafts digital experiences that harmonize form and function. In the realm of Figma, the canvas of creativity unfolds, as he continues to weave a narrative of visual delight. Welcome to a journey where words meet pixels, and design becomes a language of its own

• UI UX design	1 years & 8 months
• design patterns	1 years & 1 months
• Figma	1 years & 1 months

SOFT SKILLS

Communication, Teamwork, Problem-solving, Time management

PROJECT DETAILS

• Automobile Website September-2023 - October-2023

Project Description: Welcome to the fast lane of my digital showroom! Dive into the sleek design and dynamic interface of my automobile portfolio website, meticulously crafted on Figma. Buckle up for a visually thrilling ride through innovation and style, where every pixel echoes the heartbeat of the automotive world. From the bold aesthetics to the seamless user experience, this website is a testament to my passion for cars and cutting-edge design. Cruise through a virtual highway of speed and sophistication, exploring a gallery that puts my automotive journey in the driver's seat. Start your engines and navigate through the future of automobile aesthetics!

Responsibilities: In this project, my responsibilities included conceptualizing and designing a visually engaging architect portfolio website using Figma. I meticulously crafted the user interface, ensuring a seamless and intuitive navigation experience. The design reflects my commitment to showcasing architectural excellence through a modern aesthetic, sleek lines, and a vibrant color palette. My role encompassed translating the essence of my architectural journey into a digital narrative, inviting visitors to explore and interact with my portfolio effortlessly. From wireframes to the final design, every detail was carefully considered to create a platform that not only represents my work but also embodies innovation and creativity.

Technologies: Figma
