As an adept Flutter Developer, I bring extensive experience in mobile app development, specializing in the Flutter framework. Proficient in Dart, Java, JavaScript, Python, and C, I've delivered user-friendly applications across iOS and Android platforms. Applying effective design patterns, I ensure scalable and maintainable code for seamless application performance. With strong analytical skills, I troubleshoot and optimize applications collaborating effectively with cross-functional teams. Eager to contribute impactful and innovative solutions to research-focused organizations, leveraging my language proficiency and Flutter development expertise.

INDUSTRIES: Artificial Intelligence

TECHNICAL SKILLS

• Python	7 years & 1 months
• Java	5 years & 1 months
• Android	5 years & 1 months
• AWS	4 years & 1 months
• Database Administration	4 years & 1 months
• Flutter	3 years & 1 months
• React	3 years & 1 months
• JavaScript	3 years & 1 months

PROJECT DETAILS

• Plant Leaves Recognition Based on a Hierarchical One-Class Learning Scheme with Convolutional Auto-Encoder and Siamese Neural Network

Project Description: Introduced novel method for plant leaves recognition by incorporating an unsupervised convolutional auto-encoder (CAE) and Siamese neural network
Responsibilities: software, methodology, validation, python expert, artificial intelligence implementer
Technologies: python
Industry: Artificial Intelligence
Link: https://www.mdpi.com/2073-8994/13/9/1705

• A Machine Learning-Based Tool for Exploring COVID-19 Scientific Literature

Project Description: Introduced an intelligent tool based on Machine learning, which automatically organizes a large dataset of Covid-19 related scientific literature and visualizes them in a way that helps these people navigate easily through this dataset and locate the sought documents easily
Responsibilities: software, methodology, validation, python expert, artificial intelligence implementer
Technologies: python
Industry: Artificial Intelligence
Link: https://ieeexplore.ieee.org/document/9585958/

EMPLOYMENT HISTORY

• teacher — September-2021 - June-2022

Description: assistant teacher at the university of Kasdi Merbah

EDUCATION

• Masters degree in computer science from kasdi merbah 2016 - 2021

LANGUAGES

• English - native
