PROJECT DETAILS

• Grato Customer

Project Description: Grato makes it easy to hire home services and personal care in Italy. Today, you can book quality and trusted home and personal services in Italy. Our home services help to keep your home organized so you can spend more time with your family. Hire trusted service providers for the most common commercial/residential and personal jobs such as: • Cleaning and sanitization • All maintenance • Construction • Furniture relocation and assembly • General assistance for old people • Licensing and certification • Event Organization • Interior designing and decoration • Baby sitter • Makeup, coiffure and pedicure • Pet care • physiotherapy We serve thousands of customers around Italy in participation of high qualified partners. All services can be done in the comfort of your home at your preferred time so there is no hassle for your schedule. If you are a mom, a millennial or anyone in need of trusted solutions for your home, Grato will help you relax and make your life easier. In addition to urgent task that may make you in emergency, Grato will surely try to find service provider and prevent any danger or bad consequence for your comfortability. Grato Service Providers are legally certified freelancers and organizations in Italy that are seniors in their fields and take a lot of pride in their work. They are passionate about offering great services and building their reputation on Grato. You can communicate directly with the service providers on our app. Grato's features make it super easy and fast to hire and interact with service providers. We've made the booking process easy for our customers and end users: Hire with few steps: • Select the desired service and service providers. • What: Give few details, that could be supported by images • Where: tell us your location • When: set up suitable time for you • Get quoted by the provider. • Negotiate and accept the price. • Track your provider location, so you can grantee the check in time. • Monitor your order and ongoing service. • Approve order closure. • Rate the provider. More and more. Grato Features: • Totally free. • Get offers, discounts, free visits, free consultancy... more and more. • Get flexible quotation, so you can ask for less or more services, while the service is in progress. • Get urgent service as quick as possible. • Fixable payment methods (Credit cards/ Cash on delivery). Grato home cleaners, laundry partners, plumbers, technicians, therapists, constructors, event organizer want to offer you the best service - whether it's cleaning your messy condo, fixing your clogged pipe or broken toilet, repairing your old home appliance, or offering the best massage or manicure at home, organizing your lovely party, or managing your official event. When your service is complete, please leave a rating about the Grato Pro. The best Service Providers will earn the best ratings and do the most jobs for users. Looking to hire trusted and reliable Home Service Providers in Italy? Save time and book your next home cleaning and laundry service with us. Get the Grato app and book a service today!

• Grato Vendor

Project Description: Do you find yourself thinking about how to increase your customer base? One of key drivers in your company’s value is the value of your customers. Analyzing customer profitability and maximizing a customer’s lifetime value are highly important and essential to your business. Grato will help you: • Offering discounts/free visits, consultation ..etc • Increasing your level of confidence • Maintaining excellent support and service • Marketing your services The best businesses are always looking for ways to improve, whether that’s offering better products or adopting more efficient processes. Here’s how Grato can take your business to the next level. • Analyzing your customer needs • Find out new customers • Keep your current customer loyal • Provide more efficient tools • Make your business widely known With Grato, you don’t need to find customer for your business. Traditional pattern will cost you much more than you need to find your customer, here is great customer database which be reached in seconds at your place. As each activity on your business is stored in Grato DB, and with efficient tools that Grato has. You can: • Analyze your revenue • Manage business activities • Gather financial aspects for accounting purposes. We understand that non- serious market can rapidly cost business owner, and can destroy startup business. With Grato, the system will prevent any customer dealing with your business in unprofessional way. So, • We make sure customers get the best deal. • We believe all customer claims, even those that seem exaggerated or fabricated. • Resolving every customer problem that arises, even those that were not the company or its products’ fault • Tailoring the type of service each customer receives to his unique needs • Discussing products and services in honest terms, rather than trying to upsell and oversell them
