As a highly skilled and motivated software engineer with a strong background in developing decentralized applications using Rust and blockchain technologies, I am confident in my ability to contribute to your team and help drive your projects forward. With 3+ years of experience in the software development industry, I have developed a deep understanding of the Rust programming language and have used it to build robust and scalable applications. I have also worked extensively with blockchain technologies, including Ethereum, and have a strong understanding of the underlying principles of decentralized systems. This combination of skills has enabled me to develop a range of applications, from simple smart contracts to complex decentralized applications (dApps) with real-world applications.

INDUSTRIES: web3

TECHNICAL SKILLS

• Blockchain	3 years
• Rust	2 years
• Solidity	2 years & 10 months
• Node.js	1 years
• Express.js	1 years

SOFT SKILLS

Communication, Teamwork, Dedication, Problem-solving, Time management

PROJECT DETAILS

• Dispatch — February-2022 - September-2022

Project Description: Nft Messaging platform, where a token issuers can contact there token holders by sending messages in form of NFTs
Responsibilities: Lead Smart contract Developer, responsibility for building maintaining smart contract and writing there backend compatible functions
Technologies: Rust, web3, solidity
Industry: web3

• Solvenir — October-2021 - August-2022

Project Description: Nft marketplace on Solana, used metaplex ecosystem for our platform, and also build Defi Farming and staking application using orca and serum pools.
Responsibilities: Lead Smart contract Developer, responsibility for building maintaining smart contract and writing there backend compatible functions
Technologies: Rust, blockchain, node
Industry: web3

EMPLOYMENT HISTORY

• Associate software engineer — April-2021 - April-2023

Description: Rust Developer

EDUCATION

• Bachelors degree in Chemical engineering from Indian institute of technology, Guwahati — 2017 - 2021

LANGUAGES

• English - advanced
