I am a motivated and ambitious software developer with a strong combination of technical skills. I can effectively communicate and inspire my team members to achieve our strategic goals and improve our overall performance. I am skilled in creative problem-solving and troubleshooting, paying close attention to even the smallest details. By developing new applications or enhancing existing ones, I contribute to the success of organizations. I have over 8+ years of experience in the software industry, working on development, testing, and maintenance
